

ASUS Chromebook C204

Tough, compact, school-ready

11.6" For Education | Family

A ruggedized Chrome OS-based laptop designed for education

ASUS Chromebook C204 is designed with one thing in mind: to keep on going however tough the environment gets. Built to meet demanding military-grade standards, the classroom-ready durability reassures teachers and students alike. It's packed with clever features to protect it in the real world, such as the all-round rubber bumper, spill-resistant keyboard and ultratough I/O ports. And with its school day-long battery life and time-saving, easy-to-service modular construction, ASUS Chromebook C204 is ready for anything!

Ready for action

Classrooms can be tough, but ASUS Chromebook C204 is tougher! Built to surpass demanding military-grade MIL-STD-810G durability standards, it's also torture-tested to pass stringent ASUS quality tests. It can withstand occasional drops of up to 120cm —more than standard desk height — and the hinge and I/O ports are fully tested to endure the stresses and strains of everyday use.

120cm drop-resistant to mimics desk accident

50,000 open-and-closed cycles hinge tests

30kg force on lid and bottom without display damage

5,000 times I/O port tests to ensure the durability

Ultimate rugged design

The rubberized chassis is reinforced with thick bumpers on each corner to reduce the impact of physical shocks. The keyboard is spill-resistant, coping with liquid spills, and tamper-resistant, preventing the keys from being pried out.

All day learning

With up to 14 hours* battery life on a single charge, ASUS Chromebook C204 will last for a full day of classes and more. Students could enjoy continuous and uninterrupted learning without worry of battery life.

* Battery life may vary upon usage and other conditions.

Stress-free sharing

The 180° lay-flat hinge not only enables easier collaboration when you're in a group, but it also reduces stress on the mechanism too.

ASUS Chromebook C204

- Intel® Celeron® N4000 Processor (4M Cache, up to 2.60 GHz)
- Chrome OS
- **US MIL-STD 810G military-grade standard**
- **11.6" HD (1366 x 768), 220 nits, NTSC:50%, Anti-glare, Non-touch**
- **11.6" HD (1366 x 768), 250 nits, NTSC:45%, Anti-glare, Touch, Wide view**
- 2 x USB 3.1 Gen 1 Type-C™ (up to 5Gbps, power delivery and DisplayPort support), 2 x USB 3.1 Gen 1 Type-A, 1 x microSD card reader
- **Fast and stable Wi-Fi : Integrated 802.11a/b/g/n/ac (2x2)**
- **50WHrs battery with up to 14 hr battery life**
- **Starting from 2.62 pounds (1.19kg) with battery**
- **3-year limited International hardware warranty**

starting at \$ xxxxxxxx
